## CITY OF MISSION

C E L E B R A T I O N

July 14, 2008

To Whom It May Concern:

This correspondence will inform you that as a General Utility Contractor, O.G. Construction has built several developments within our jurisdiction and the workmanship was indeed of the highest quality. As I recall, Mr. Omar Garcia was promptly responsive to the limited issues raised during construction, was very professional, and was well-versed in the field of utility and paving construction. Without a doubt, O.G. Construction will be most welcome to again work in our city; whether for a developer's project or any of a number of city projects. It is clear that Mr. Garcia knows what he is doing and I can certainly recommend him to anyone interested in engaging his services.

If you need additional information, feel free to call my office at (956) 580-8672 or at my e-mail address: [szavala0499@yahoo.com](mailto:szavala0499@yahoo.com).

Respectfully,

Sergio Zavala  
Planning Director
